

DESIGN BUILD RENOVATIONS

Award Winning Quality for Over 58 Years

**JAMIE ADAM, PRESIDENT OF PIONEER CRAFTSMEN LTD
NAMED BUILDER MEMBER OF THE YEAR 2010**

The Waterloo Region Home Builders Association announced that Jamie Adam is the 2010 Builder Member of the Year. Jamie is a cornerstone for WRHBA staff who can call upon him at anytime for his help, support, assistance, and insights on a myriad of issues. When acting on the Association's behalf at face to face meetings with local MP's and MPP's he is always well prepared and well versed in all matters pertaining to government relations.

Recently Jamie was one of the driving forces behind our Association's adoption of the RenoMark program, and our newly forged partnership with Conestoga College. This led to the development of WRHBA's Student Ambassador program and WRHBA's Renovation Month that took place this past October which featured our first ever Go With A Pro Renovation Seminar; a free seminar geared towards educating homeowners on how to have a successful renovation, to work with a participating RenoMark member and to get their contacts in writing. The seminar was a tremendous success, and talks are already underway to offer it up again next year.

Jamie is also a member of the OHBA's Board of Directors, a member of the WRHBA's Board of Directors and is currently WRHBA's First Vice President.
